

If you are self-isolating or need any assistance during the Coronavirus COVID-19 emergency just let us know. We can help!

UPDATED October 10 2021

If you are self-isolating or in need of help due to COVID-19, we can help you by:

Picking up shopping

Posting mail

Picking up medicine

A friendly phone call

Urgent requirements

Just call or email us on either contact method identified below and we will do our best to help you! Don't forget to give us your contact details including an email or telephone number.

Tel: **07955 506918** Email: covid19astons@gmail.com

-----***cut me out and stick me on the fridge***-----

Dear Resident of The Astons

There remains a requirement to be vigilant and to keep your distance, wear a mask when you can and in particular in crowded spaces such as public transport and to wash your hands regularly to minimise the spread of infection. The vaccine roll out programme has been a major success but we cannot afford to be complacent.

How We Can Help

The Parish Council has been able to pair villagers who need support with a volunteer. That service has largely ceased but we still have an active list of volunteers should you feel you need support. The Covid contact number above along with the email address are monitored daily. You will receive a response as soon as we can.

The Parish Council response can only help with social responsibility and cannot provide advice or information on health care issues including information on whether you need to self-isolate or when you will receive one of the vaccines that are now available.

The Parish Council has ensured that its response has been made in partnership with the valuable measures that have already been put in place by our County and District Councils, local Medical Practices, HM Government and Public Health England.
