

# ASTON TIRROLD & UPTHORPE ENVIRONMENT GROUP

1st August 2017

## Attendance

Anna Dillon, Naomi Simmonds, Louise Binder, Andy McLellan, Alison Nicolson

## Actions from last meeting

1. **Village Verges:** Andy to email Oxfordshire County Council and ask for map telling us where the verges are that they are responsible for.
2. **Tree Survey:** Anna to ask person on Brightwell Parish Council about advice on how they did their survey. Naomi to ask local tree experts at the Sylva Foundation based in Long Wittenham. <https://www.sylva.org.uk/>
3. **Dog bins in the village:** Anna to ask Parish Council for costs related to installing at least two new dog bins in the village, especially one in Moreton Road.
4. **Wildlife Database.** Anna has set up a spread sheet to log all interesting wildlife sightings in the village. *Group has already been in touch with Anna to log sightings.*

*New members: Nick and Seirian Issac have expressed an interest in joining our group (probably not practical for them to both attend meetings due to childminding commitments – they are both leading entomologists.*
